To educate, empower, and elevate every aspiring trader in India by providing quality training, practical insights, and continuous support through live video classes and expert mentorship.

# ABOUT THE INDIAN STOCK MARKET

The Indian stock market is one of the fastest-growing markets in the world, playing a pivotal role in the country's economic growth. Governed by SEBI (Securities and Exchange Board of India), it provides a structured platform for investors to buy and sell stocks of publicly listed companies.

## INDIA HAS TWO MAJOR STOCK EXCHANGES

- **Bombay Stock Exchange (BSE)**
- **National Stock Exchange (NSE)**

**These platforms allow retail and institutional investors to trade in:**

- Equities (Stocks)
- Derivatives (Futures & Options)
- Mutual Funds
- ETFs
- Commodities
- Currencies

With the rise in financial awareness and accessibility to online trading platforms, more Indians are entering the stock market to build wealth, hedge risks, and secure their future.
